Grants Received

## \$24M

Revenue Generated

### ABOUT UACI

Launched in 2003, **The University of Arizona Center for Innovation (UACI)** is Arizona's leading and longest continuously running incubation organization. UACI is part of Tech Parks Arizona, the place where early-stage startups and established tech giants collaborate within flexible, technology-rich workspaces to advance innovation.

The **UACI Program Roadmap©** has 28-points to provide entrepreneurs with a comprehensive guide for startup success and grow scalable startup ventures that fuel the Arizona economy. UACI connects entrepreneurs with the people, programming and places they need to move ideas from concept to market.

### UACI LIFETIME IMPACT
